### **New Business:**

**Carolyn Borgert asked how we get trip descriptions posted on the new website.**

Bud responded that for now, send to him in PDF form. There was also a question of how we will post photos to the new website. Corinne has looked into a plugin that will pull photos from Facebook, and will look further into that.

**Bill Hines spoke about the Mountains to Sea Trail in a Day** – the event is scheduled for Sept 9, 2017. To celebrate the trail, people will hike and paddle the entire trail in a day (in small sections.) Bill has 219 miles of river to come up with people for; **36 people will be needed to paddle 18 sections.** There is no fee to participate. Bill also reminded the group that he will be paddling the Neuse April 9 -15.

### **Safety & Training:**

Terry Rich, Safety Officer, spoke about reading more about rescues. **He recommends a book called *Sea Kayak Rescue* by Roger Shuman and Jan Schriener.** The book includes step by step instructions and helpful photos; it's not a dry book. Topics covered include learning when it's safe to paddle and when it's not; being aware of things like flood conditions, sweepers, things that will entrap you, low dams that will circulate you. **You need to know how you can rescue yourself, so try to practice in more demanding situations.**
